

# WELDING TECHNOLOGY

NORTH MONTGOMERY HIGH SCHOOL | NEW FOR 2020-21

Welding is utilized in many industries, including: automotive, construction, manufacturing, ship building, oil refineries, and transportation. This program will help you gain skills used in those industries with emphasis placed on common welding processes, such as:

- OAW (Oxygen Acetylene Welding)
- SMAW (Shielded Metal Arc Welding)
- GMAW (Gas Metal Arc Welding)
- GTAW (Gas Tungsten Arc Welding)
- Plasma Arc Cutting
- Oxyacetylene Cutting
- Air Carbon Arg Gouging
- Blueprint Reading

Enroll in the Welding Technology program today to get a start on building your future!

# WELDING TECHNOLOGY

CLUSTER	Manufacturing & Logistics
9TH:	Preparing for College & Careers
10TH:	Intro to Advanced Manufacturing & Logistics
11TH:	Welding Technology I
12TH:	Welding Technology II
